Important Safety Instructions

1. General Information

- Read these instructions carefully and keep them for future reference. Observe and follow all instructions.
- Not suitable for children under 6 years! The package may contain small parts that can be swallowed.
Risk of suffocation from plastic films and small parts. Keep films, bags, straps, etc., away from children to prevent suffocation.
Children can become entangled in cables. Store cables out of reach of children.
- Always inspect the product for damage before use. If damage is present, do not use the product. Repair, maintenance, or replacement is required if any kind of damage exists. For instance, if liquid or foreign objects have entered the device, the device has been exposed to rain or moisture, it no longer functions properly, or it has been dropped. Contact your retailer to have the device inspected.

2. Storage

- Avoid placing liquids in locations exposed to direct sunlight, temperature fluctuations, or high humidity. Do not place liquids near heaters, heat lamps, or other devices that generate heat.
- Never operate electrical devices near water.
- If batteries (including battery packs or replaceable dry batteries) are used, do not expose them to direct sunlight, fire, or excessive heat.

3. Maintenance

Never use aggressive cleaning agents.

4. Health Information

- Prolonged exposure to high volume levels can cause various types of hearing damage.
Use high volumes responsibly.
- Risk of injury from sharp or pointed objects.
- Risk of injury from heavy objects.
- Risk of injury from pinching or crushing.
- Liquids:
 - Eyes:** This product may cause eye irritation.
In case of contact with eyes, rinse immediately with clear water.
 - Skin:** Prolonged contact may cause skin irritation.
 - Respiratory System:** May cause bronchial irritation. Use only in well-ventilated areas
 - Ingestion/Swallowing:** This product has not been tested for hazards due to ingestion.
Do not drink!

Keep out of reach of children

Important Safety Instructions

5. Disclaimer of Liability

Use only accessories approved by the manufacturer.

Warranty claims will be void if damage is caused by failure to follow the instructions in the manual. The manufacturer assumes no liability for consequential damages.

Liability Disclaimer:

Clearaudio assumes no liability for damage to sound carriers caused by improper handling!

6. Service

- Never open a device to expose internal electronics, as there are no user-serviceable parts inside. Doing so may void the warranty. Leave all repairs/maintenance to qualified personnel.
- All **Clearaudio** products must be repaired only by the manufacturer during the warranty period, or the warranty will be voided.
Service for all **Clearaudio** products should be handled exclusively through authorized dealers. If service is required despite the high manufacturing standard, the **Clearaudio** product must be sent to **Clearaudio** through your dealer.
- If malfunctions occur, contact the dealer where the product was purchased. Do not use the product again until it has been repaired.

7. Transport

Always use the original packaging when transporting **Clearaudio** products. Ensure that the product is packed exactly as it was when delivered. Safe transport can only be guaranteed in its original packaging. When repacking, follow the reverse order of the setup and commissioning instructions.

8. CE Compliance

This product complies with the requirements of European directives and other applicable regulations.

Important Safety Instructions

9. Disposal

For customers in Europe:

Disposal of electrical and electronic waste, as well as batteries and accumulators.

a) If a product, packaging, and/or accompanying documentation is marked with the symbol of a crossed-out trash bin, the product is subject to European directives and national laws implementing these directives.

b) These directives and laws require that electrical and electronic waste, as well as batteries and accumulators, must not be disposed of with regular household waste. Proper disposal, recovery, and recycling must be ensured, and you are obligated to dispose of old devices and discharged batteries/accumulators at designated collection points.

c) Proper disposal contributes to conserving valuable resources and prevents potential harmful effects on public health and the environment that may result from improper disposal. Disposal is free of charge.

d) For more information on the recycling and recovery of old devices, batteries, and accumulators, contact your local municipality, the waste disposal company, or the point of sale where you purchased the product.
